Dear 8-Man All Star Football Game Participant,

Congratulations! You have been selected for the Oklahoma Eight Man All-Star Team. Enclosed in this packet are several forms that must be completely filled out in order for you to come to Miami. I would like to draw your attention especially to the following:

- The most important thing to remember is that we need to have all information into our office by **March 21, 2014**. It is extremely crucial that you mail all the forms to us by this date in order for everything to be completed in a timely manner. This is not your coaches' responsibility; it is up to you to return the paperwork. **If we do not receive your packet by the deadline, an alternate will be selected.** Please call if you have any questions.
- Please send a photo to us with your name and school written on the back. This is needed for the game program.
- Please choose more than one jersey number of your choice because we may have already received another player's packet with the same number requested. This is first come, first serve. This is on the Datasheet – Page 1.
- The more information that you provide with your scholarship application the better your chances may be of receiving the scholarship, so please feel free to attach any additional information with the application.
- Market your participation in the game to one or more area businesses. Enclosed is an ad form with more information.
- Enclose a \$50 security deposit with your application. This deposit also covers the cost of your game jersey, which you get to keep.
- A Banquet Reservation Form is included for your family. Space for the banquet is first come, first serve.

We will mail a final schedule to you in the spring once everything is confirmed and finalized. You will arrive in Miami on Tuesday, June 17th. The Awards Banquet will be on Friday, June 20th and your family will need to make reservations. We cover the cost for each player to attend. The game will be played on Saturday, June 21st at 7 p.m. at NEO A&M College.

To avoid any confusion, please mail all completed packet information to the following address:
